Get the latest information on policies driving federal procurement and acquisition strategies.

Meet and network with key influencers, buyers and policy makers from the federal government.

MONDAY, JUNE 11, 2007

PRE-CONFERENCE SESSIONS: IDENTITY MANAGEMENT

PRE-CONFERENCE SESSION I:

CONTINUED CHALLENGES ASSOCIATED WITH TWIC IMPLEMENTATION

Gain firsthand insights into the continued challenges associated with Transportation Worker Identification Credential (TWIC) implementation and the biometric card reader rule.

Confirmed Panelists:

Susan Monteverde, *Vice President, American Association of Port Authorities (AAPA)*

Mike Rodriguez, *Exec. Assistant to the President, International Association of Masters, Mates and Pilots (IOMMP)*

John Schwartz, *Asst. Dir. TWIC, Transportation Security Administration (TSA)*

PRE-CONFERENCE SESSION II:

STRIKING A BALANCE BETWEEN TECHNOLOGICAL ADVANCES AND PRIVACY

This session will discuss the use of smart cards and biometrics for human identification. Presenters will address key privacy principles and when and how those principles should be considered at each stage of a PACS implementation or upgrade – from system design to credential issuance to database management.

Confirmed Panelists:

Dan Combs, *President, Global Identity Solutions, LLC*

Jeremy Grant, *Senior Vice President, Emerging Technologies, Stanford Washington Research Group*

Jim Harper, *CATO Institute*

FOR GOVERNMENT END-USERS ONLY

These sessions are vendor-neutral.

MIGRATION OPTIONS & ALTERNATIVES:

NEW SECURITY EQUIPMENT OR UPGRADING FROM A LEGACY SYSTEM CONSIDERATIONS

Learn more about major considerations that need to be taken into account when building security systems from scratch or updating with existing equipment.

RISK ASSESSMENT & VULNERABILITY ANALYSIS:

HOW TO USE SECURITY EQUIPMENT TO HELP PROTECT PHYSICAL AND LOGICAL INFRASTRUCTURE

Learn how electronic physical security equipment and systems can help mitigate risk and vulnerabilities for government end-users' physical and logical infrastructures. An introduction to countermeasures used to stifle agency vulnerabilities will help educate those who design, purchase, and implement security within their departments and agencies.

Can't attend the full conference? Single-day registrations are available. Visit www.siaonline.org for details.

** Stanford Washington Research Group, 2006.*

TUESDAY, JUNE 12, 2007

CONFERENCE SESSION I:

GSA TRENDS

A panel of GSA experts will present and discuss the latest trends in GSA policy and contracting. Recent updates under the new administrator, general trends and critical requirements for the Schedules program will be discussed by panelists with expertise in schedules 58, 70 and 84. Topics for discussion will include the new GSA MAS Pilot Program for expediting offers; Schedule 70 and HSPD-12; the expanding role of services and how to submit pricing proposals; hot topics for compliance; and updates from the Schedules Program.

Confirmed Speakers:

Michael Sade, *Assistant Federal Acquisition*

Commissioner, GSA

Kellie Stoker, *GSA Greater Southwest*

Acquisition Center

Roger Waldron, *Office of the Chief Acquisition*

Officer, GSA

CAPITOL HILL
Visits

AGENDA: GSA Cooperative Purchasing

SIA's Government Summit attendees have the option of scheduling their own personal appointments with their congressional representatives the afternoon of Tuesday, June 12, 2007.

Prior to the scheduled visit, an educational session will be held to prepare attendees for their meetings. Information on securing support for legislation to extend the GSA Cooperative Purchasing program to Schedule 84 will be the primary agenda item for Hill meetings.

WEDNESDAY, JUNE 13, 2007

CONFERENCE SESSION II:

FEDERAL APPROPRIATIONS OVERVIEW

A panel discussion of how to monitor the congressional appropriations process and how monies will be allocated by Congress in the upcoming fiscal year. This session will also focus on the art of "earmarking" and how organizations can learn to secure guaranteed federal funding within appropriations bills for customer projects.

Confirmed Speakers:

Tom Yedinak, *American Public Transportation*

Association (APTA)

Tim Hutchinson, *Former U.S. Senator and senior advisor,*

Dickstein Shapiro, LLP

Jim Dyer, *Clark & Weinstock, Former Staff Director of the U.S. House Committee on Appropriations*

CONFERENCE SESSION III:

**STANDARDS AND PROCUREMENT—
MAKING THE CONNECTION**

(Joint Session with Government End Users)

A panel discussion of how voluntary consensus standards drive procurement decisions and how government end-users apply standards.

Confirmed Speakers:

Roy Higgins, *NANSCOM, AFB*

Craig Ziegler, *Army Corp of Engineers*

CONFERENCE SESSION IV:

THE SAFETY ACT

An overview of the SAFETY Act, its history, current program guidelines, relevant policy issues, and the potential benefits of securing a SAFETY Act designation.

Confirmed Speakers:

Brian E. Finch, *Dickstein Shapiro, LLP*

Andrew Howell, *Monument Policy Group*

Jonathan Spaeth, *Raytheon*

CONFERENCE SESSION V:

**SECURITY SYSTEM INFORMATION
SECURITY COMPLIANCE**

(Joint Session with Government End Users)

This session will provide an overview and discussion of the Information Security Handbook and a broad overview of information security program elements to assist managers in understanding how to establish and implement an information security program for federal security systems.

Confirmed Speakers:

Dr. Ron Ross, *FISMA Implementation Specialist, NIST*

Shane Bates, *Koffel*

Tommy Osborne, *Chief Technology Officer, Maden Technologies*

Sabari Gupta, *President, Electrosoft-inc.*
