

SunLight^{K3} Refillable Ribbon!

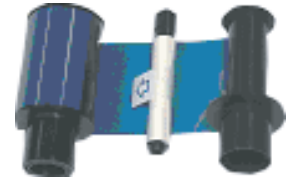

Now you can save the Environment and some space in your Trash Can! This great new feature allows you to save the cartridge and only change the ribbon when you run out! These new ribbon refills still produce the same high-quality product that you have come to expect from the SunLight^{K3} without all the waste!

One starter refill kit, which includes a ribbon cartridge & ribbon, must first initially be purchased. Note that each ribbon includes one cleaning roll.

These ribbon refills come in:

- 5 Panel YMCKO, 250 images per roll
- 6 Panel YMCKOK, 200 images per roll

Each ribbon package contains an information sheet with easy instructions on how to replace the ribbon.

Not only is this more cost effective, but it's a great way to improve our environment !
