

## Support for CR-79 cards: the Pebble<sup>4</sup> Printer CR-79 is available!

September 2007, Evolis Pebble<sup>4</sup> printers accept the CR-79 card format.

CR-79 cards come with a size slightly smaller than CR-80 cards. Dimensions are 52.1 mm x 83.9 mm (3.303" x 2.051"). ISO CR-80 dimensions are 53.98 mm x 85.60 mm (3.375" x 2.125").

### Offer objective

Replacement for the discontinued Pebble3 printer.

### Product description

Pebble<sup>4</sup> CR-79 has two mechanical modifications:

1. In the card path, the lateral push guide that correctly positions the card inside the printer is different from the standard Pebble<sup>4</sup>.
2. There are two additional chocks in the card feeder cage to uphold the smaller CR-79 cards in its right position.

### Offer description

You cannot upgrade an existing Pebble<sup>4</sup> printer to use CR-79 cards, nor purchase the CR-79 cards option separately. The CR-79 card option comes as a factory setting and is available only with the Pebble<sup>4</sup> CR-79 printer.

In addition to standard options of the Pebble<sup>4</sup> printers, Pebble<sup>4</sup> CR-79 has the following distinct characteristics:

- Printer is only available in BASIC model.
- Printer is supplied with an Ocean color cover only.
- MAG, SMART and CONTACTLESS options are not available.

**IT IS STILL POSSIBLE TO USE CR-80 CARD FORMAT ON PEBBLE<sup>4</sup> CR-79 PRINTERS.**

### Product part number

The Pebble<sup>4</sup> CR-79 printer can be ordered under part number: **PBL411OCH**.

### Availability and delivery lead-time

Available from stock immediately.

For quantities higher than five units, please check with your Sales Administration Contact.

Delivery lead-time is the same as for Pebble<sup>4</sup>, that is, five open days.
