

Why Should Your Customers Use Sony Chemicals Photo ID Ribbons in Their Card Printer?

- **Sony Quality and Reliability in Every Product**

Our Photo ID Ribbons:

- Made from high-density brilliant dyes that deliver truer-to-life flesh tones
- Deliver better colors and sharper black lines
- Exclusive Clean-Pass® technology cleans the printhead as each card is printed reducing dust and debris, and extending printhead life
- Provide superior performance and reliability in a variety of applications
- 100% Compatible with leading photo ID printers

- **Brand Name Recognition**

- Legendary and most recognized trade name
- The Sony name is associated with high quality products
- Exhibit at major tradeshow
- National advertising to build brand recognition
- Ability to link to the Sony Chemicals Corporation of America website

- **Superior and Flexible Delivery Services**

- On-time delivery: All ribbons listed on our product line-up are standard stock items
- No minimum order quantities . . . Order 1 or 1,000 ribbons!
- Blind Drop Shipments
